anchorage detail
- without scale -

ground anchor 11.1.1

terrestrial spoil
ca. 60x60x50

concrete

Foundation is necessary by
installation in, for example playsand,
bark mulch and wood fitzer.
In the case of natural soil or for example
grass no foundation is required.

absorber (tyre)

perhaps foundation for
unconsolidated ground

The minimum area must be free of obstacles to/on which the user can during his movement unexpectedly fall or crash.
Hard and sharp objects, as well as trip-surfaces count as obstacleless.
