

Installation Instructions

Surface Fixed

Djembes
Page 1 of 2

Instrument Components:

Djembes are pre-assembled

Weight of heaviest part 23kg (Large Djembe)

1. Assemble Ground Fixing Posts to base of sambas using M8x25mm security screws and lock washers. (1.1) (See Assembly Guide)

2. Arrange Djembes in desired location and mark holes to fix to desired surface.

3. Fix to Surface using recommended ground anchors (Ground Anchors are not supplied)

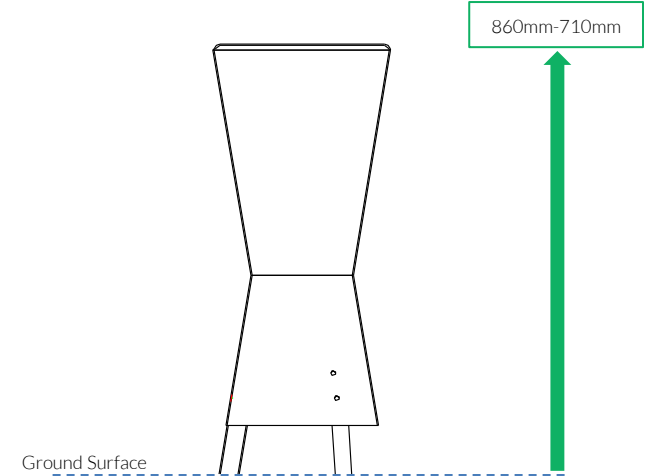

4. Make sure all fixings are covered and secure using cover caps provided

Install Instrument with 1.5m free space (from widest point) around it.

CAUTION: Drum surface can get hot in direct sunlight, if possible install in shaded areas.

Djembes will arrive on site in pre set heights.
