BENCH ATHENA WITH BACKREST

AP016

Finitura /Finishing

GALVANIZED AND POWDER COATED

Bench Athena with backrest is totally made of steel. It is composed of two robust laser-cut lateral supports, which are welded to two elliptical bases 600x150 mm. The seat and the backrest are made of steel tubes welded to the lateral supports and of 2 central backings.

The seat is fixed with screws to the sides.

The bench can be anchored to the ground with bolts.

All metal parts are galvanized and powder coated and are available in different RAL colours.

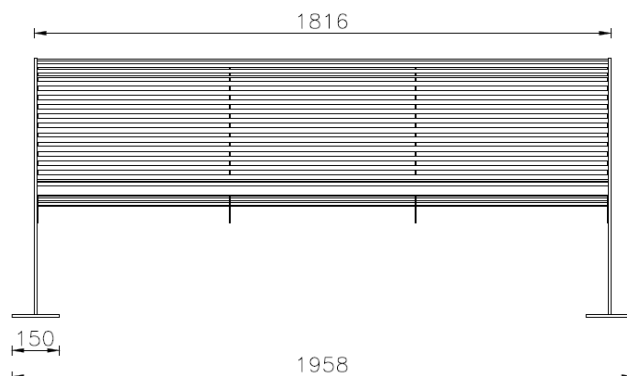

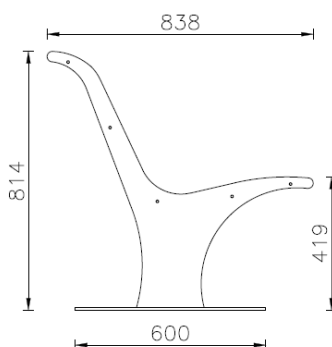

Stainless steel screws.
