## LearnBox Container for students' workstations.

Modular cabinet system consisting of base and add-on cabinets for individual storage space.

Design consisting of glued bodies made from melamine-resin-coated chipboard with glued plastic edge.

Base cabinets for positioning on the left or right side of the workplace. With one open compartment and a Gratnells tray. Optionally available with castors, 2 of which are lockable, or adjustable glide units. With a cover panel or prepared for an add-on cabinet.

Add-on cabinets for organization at the side of the workplace, with open compartments or with a flap, depending on the model. With perforated sheet back panel and a sheet metal side element with pen tray, both magnetic.

Combination with 76 cm-high tables from the TriTable-III and Cross ranges. Cover panels for base cabinets to match the table tops. Base and add-on cabinets that are accessible from both sides (40051, 40059, 40060) are available for space-optimized use.

The following material groups are available to choose from: Body made of chipboard: L6; Front made of chipboard: L3; Perforated-plate: L1.
