

1. Applications

EUROFLEX[®] Stepper are the ideal balance equipment for training the organ of equilibrium and also the muscle for all edge groups.

The rubber material used is comfortable to sit on, dries quickly when wet, is highly resistant to weathering, does not splinter and is soft and therefore safe.

Easy and inexpensive to install.

EUROFLEX[®] Steppers are manufactured by an environment-friendly process and can be recycled as process raw material at the end of their service life.

They can be played on under almost any weather conditions.
