BIKE RACK SNAKE

AR060A/B/C

Finitura /Finishing

GALVANIZED AND POWDER COATED

Bicycle rack made by cold-bending steel tubing $\varnothing 48$ mm.

The bike stand is supplied with footplates 200x100 mm for anchoring to the ground by means of bolts.

It can be supplied with 2, 3 or 4 bike places.

The bike carrier is galvanized and painted with thermosetting polyester powders in the various RAL colours.

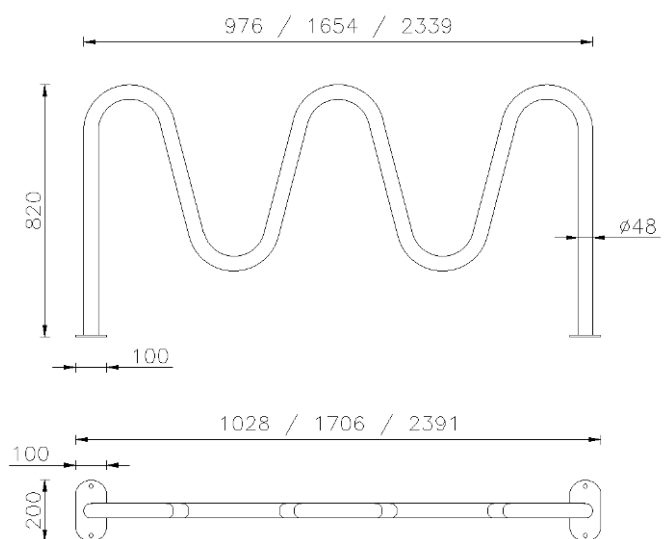

It can be installed individually or in a row.

The bike is supported and fixed to its frame.
